Triton Corporation is excited to present Alumite Enterprises as the 2009 Triton Distributor of the Year.

This honor is awarded to the top distributor who has performed high in quality, service, sales, and marketing. Even through a rough economic year, Alumite has excelled in all of these areas. They have shown their dedication to the Triton product and have worked closely with dealers to get them the product that is needed for consumers.

Alumite is located in Orangeville, Ontario and is owned by Paul McNichol. He has been solely selling Triton trailers to dealers for 18 years. Paul dedicates his time to being a great ambassador of Triton trailers. He is very knowledgeable about all the trailers and helps consumers figure out exactly the right fit for them and their needs. He sets up dealers throughout Ontario, New Brunswick, Nova Scotia, Prince Edward Island, and New Foundland. Alumite carries Triton snowmobile, enclosed, utility, ATV, and personal watercraft trailers.

“Alumite always strives to be one step ahead of the game and give their 110%,” said Rochelle Priesgen, President of Triton Corporation. “Paul works to make sure his dealers and consumers get what they need to have the best Triton trailer experience.”

Triton also awarded other distributorships for their top performance in selling Watercraft, Enclosed, Snowmobile, Covers & TC's, utility, and Pontoon trailers. Alumite received the award for top performance for Watercraft. Fast Enterprises, distributor for Western Canada, received top performance for Enclosed trailers and Snowmobile trailers. Our New England distributor, Fisk Distributing, received the award for top performance for Cover/TC's and Utility trailers. While Recreational Supply Corporation, distributor for Minnesota, Iowa, and northwest WI, received top performance award for Pontoon trailers.

Triton Trailers wants to congratulate Alumite Enterprises on being Distributor of the Year and the Top Performing Distributors of 2009 on all their accomplishments during the past year. We know it has been a rough economic year, but these distributorships, as well as Triton's dealer network, have worked hard to get the Triton name out there. They have worked hard with their dealers and ultimately the consumers to provide the best trailer and/or accessory Triton has to offer. We thank them all for their dedication.
